This comfortable top loader suits you just fine at any business meeting. The lockable Notebook compartment is equipped with a Notebook strongbox made of durable HDF padding. The Notebook is simply inserted from the top and is protected from all sides. Beyond that, the Notebook compartment offers plenty of room for additional equipment

Documents can be stashed in a separate, two-part document compartment. The wide-opening zippers make for easy access of the documents. The workstation in the front compartment takes care of pens, business cards and keys in an orderly fashion and your cell phone is always ready-at-hand in the concealed side pocket. Power supply units, cables and the shoulder strap can be transported in the designated pocket. The comfortable carrying handle, the padded shoulder strap and the trolley fastening strap ensure easy transportation while traveling.
